

State Project ID 5843-00-73  
CTH V  
Okee – Harmony Road  
STH 113 – Rapp Road  
Columbia County

Update Date: **October 31, 2019**

## **Weekly Project Update**

### **General Project Information –**

The project will reconstruct CTH V in Okee from STH 113 to the east end of the causeway. CTH V will be realigned at the STH 113 intersection and Shamrock Road/Old Sauk Road to improve geometry. Sidewalk and storm sewer will be installed on the north side of CTH V between Old Sauk Road and Lake Wisconsin, and on the south side between Madeline Summers Park and Lucky's on the Lake restaurant. The bridge deck will be replaced after Labor Day on the structure over the Spring Creek inlet to extend the service life and improve the bridge railing. The railroad crossing on CTH V will be reconstructed and new signals and gates will be installed. Work is scheduled for completion in late October 2019. The schedule is subject to change based on weather conditions.

### **Work this week –**

- Installed signs west of the bridge.
- Finished grading along the causeway.
- Finishing removing forms under the new deck and installed the railing on the bridge.
- Paved the surface lift of asphalt on Old Sauk Road and Shamrock Road.
- Paved driveways and parking lots.

### **Work scheduled for the next week –**

- Wrap up topsoil and restoration.
- Finish installing shoulder gravel.
- Pave the surface lift of asphalt on CTH V pending weather.
- Install beam guard at the bridge pending weather.

### **Traffic impacts –**

- The CTH V bridge is closed. Use the detour and CTH V to access the Okee businesses.
- Boat access under the CTH V bridge will be maintained during construction.
- CTH V, between STH 113 and Rapp Road, is closed to thru traffic but local access will be maintained for residents and businesses. A detour utilizing STH 113 to CTH J to CTH V will be posted for the duration of the project.

### **Contact information –**

- The project field office is located in the vacate lot at the corner of CTH V and Old Sauk Road in Okee.
- Business and property owners can contact the on-site Project Engineer Alex Passow at 715-892-7296, email: [apassow@msa-ps.com](mailto:apassow@msa-ps.com) or the WisDOT Project Manager Greg Brecka at 608-245-2671, email: [gregory.brecka@dot.wi.gov](mailto:gregory.brecka@dot.wi.gov).
