

State Project ID 5843-00-73
CTH V
Okee – Harmony Road
STH 113 – Rapp Road
Columbia County

Update Date: July 26, 2019

Weekly Project Update

General Project Information –

The project will reconstruct CTH V in Okee from STH 113 to the east end of the causeway. CTH V will be realigned at the STH 113 intersection and Shamrock Road/Old Sauk Road to improve geometry. Sidewalk and storm sewer will be installed on the north side of CTH V between Old Sauk Road and Lake Wisconsin, and on the south side between Madeline Summers Park and Lucky's on the Lake restaurant. The bridge deck will be replaced on the structure over the Spring Creek inlet to extend the service life and improve the bridge railing. The railroad crossing on CTH V will be reconstructed and new signals and gates will be installed. Work is scheduled for completion in late October 2019. The schedule is subject to change based on weather conditions.

Work this week –

- Utility companies continuing facility relocations.
- Worked on installing storm sewer along CTH V.

Work scheduled for the next week –

- Continue installing storm sewer along CTH V.
- Sanitary service laterals.

Traffic impacts –

- CTH V, between STH 113 and Rapp Road, will be closed to thru traffic but local access will be maintained for residents and businesses. A detour utilizing STH 113 to CTH J to CTH V will be posted for the duration of the project.
- Use caution and drive slowly within the project limits.

Contact information –

- The project field office is located in the vacate lot at the corner of CTH V and Old Sauk Road in Okee.
- Business and property owners can contact the on-site Project Engineer Alex Passow at 715-892-7296, email: apassow@msa-ps.com or the WisDOT Project Manager Greg Brecka at 608-245-2671, email: gregory.brecka@dot.wi.gov.
