

**State Project ID 5843-00-73**  
**CTH V**  
**Okee – Harmony Road**  
**STH 113 – Rapp Road**  
**Columbia County**

Update Date: **July 5, 2019**

## **Weekly Project Update**

### **General Project Information –**

The project will reconstruct CTH V in Okee from STH 113 to the east end of the causeway. CTH V will be realigned at the STH 113 intersection and Shamrock Road/Old Sauk Road to improve geometry. Sidewalk and storm sewer will be installed on the north side of CTH V between Old Sauk Road and Lake Wisconsin, and on the south side between Madeline Summers Park and Lucky's on the Lake restaurant. The bridge deck will be replaced on the structure over the Spring Creek inlet to extend the service life and improve the bridge railing. The railroad crossing on CTH V will be reconstructed and new signals and gates will be installed. Work is scheduled for completion in late October 2019. The schedule is subject to change based on weather conditions.

### **Work this week –**

- Portable message boards were set up and traffic control signs were laid out.
- Construction staking was performed throughout the project.

### **Work scheduled for the next week –**

- Setup traffic control and detour signs.
- Install erosion control devices.
- Perform clearing and grubbing.

### **Traffic impacts –**

- CTH V, between STH 113 and Rapp Road, will be closed to thru traffic but local access will be maintained for residents and businesses. A detour utilizing STH 113 to CTH J to CTH V will be posted for the duration of the project.
- Use caution while driving within the project limits.

### **Contact information –**

- The project field office is located in the vacate lot at the corner of CTH V and Old Sauk Road in Okee.
- Business and property owners can contact the on-site Project Engineer Alex Passow at 715-892-7296, email: [apassow@msa-ps.com](mailto:apassow@msa-ps.com) or the WisDOT Project Manager Greg Brecka at 608-245-2671, email: [gregory.brecka@dot.wi.gov](mailto:gregory.brecka@dot.wi.gov).
